1. A tank unit seemed to be in the Musaren Kaserne on the southeastern perimeter of Bautzen (O 52/A 60) on [REDACTED] January 1951. Soldiers there wore red-bordered black epaulets with tank insignia. A specially fenced-in low brick building in the northern section of the billeting area sheltered an estimated seventy 200-liter drums. Soldiers, probably a company of them, were heard singing in the barracks installation. No training activity was seen in the billeting area.
